This office action is in response to the Amendment filed 16 August 2004.

The previous rejections have been withdrawn.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michael Schmidt on 27 October 2004.

The application has been amended as follows:

The title has been changed to --Manufacturing Method of Air Passage Switching Door--

Allowable Subject Matter

Claims 7-14 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record neither teaches nor suggests the claimed manufacturing method of an air passage switching door wherein a door body with recess portions is inserted into a mold such that the recess portions are positioned in the mold to be overlapped with outlets of runners for supplying injection material.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
